Professional Summary

Computer Science graduate (GPA: **3.93/4.00**) specializing in **full-stack development** with expertise in **React, Next.js, and Laravel**. Built 8+ scalable web applications, including e-commerce platforms and job portals. Strong problem-solving skills with 100+ solutions on HackerRank/Beecrowd.

Technical Skills

- **Programming Languages**: JavaScript, PHP
- **Frontend**: React, Next.js, HTML5, CSS3, Tailwind CSS
- **Backend**: Laravel
- **Databases**: MySQL
- **Tools**: Git, GitHub, VS Code

Experience

Software Developer Intern
Masleap.io | June 2025 – Present

- Developing and maintaining features for Masleap's web platform using modern web technologies.
- Collaborating with senior developers to improve performance and code quality.

Projects

Feed Me – Food Delivery Website | Next.js, MongoDB, Tailwind CSS
- Built a full-stack food delivery platform with responsive UI, dynamic product listing, and cart functionality.
- Integrated MongoDB for data management and ensured mobile-first design.

Recipe Finder | Laravel, MySQL, Tailwind CSS
- Developed a full-featured recipe discovery platform with user authentication.
- Enabled users to create accounts, submit recipes, and explore a variety of dishes.

E-Commerce Platform | Laravel, MySQL, Tailwind CSS
- Developed a full-stack phone shop with user authentication, product management, and order processing.
- Implemented responsive design for mobile and desktop compatibility.

Job Portal Application | Laravel, MySQL, Tailwind CSS
- Built a dynamic platform with job listings, advanced search filters, and application tracking for 500+ users.

Music Academy Website | Next.js, Tailwind CSS, Aceternity UI
- Designed a responsive website showcasing courses, instructors, and event schedules with modern UI/UX.

(Additional projects: Recipe App, To-Do List App, Wordle Clone – GitHub: github.com/hussain-ahmed2)

Education

BSc in Computer Science & Engineering
Varendra University | GPA: 3.93 | Graduated: October 2024

Certifications

- **freeCodeCamp**: Responsive Web Design (2024), JavaScript Algorithms & Data Structures (2024)
- **HackerRank**: Problem Solving (Basic - 2024), Frontend Developer (React - 2024), SQL (Intermediate - 2024)
